# LEVEL DESCRIPTIONS

## PRE-K 1 & 2: AGES 3-5

Gives developmentally appropriate aquatic learning experience that emphasizes water safety & survival concepts. Skills are age-appropriate, helping swimmers achieve success on a regular basis while in a class environment with their peers.

### PRE-K 1:

- Familiarizes swimmers to the aquatic environment and help them acquire rudimentary basic aquatic skills.
- Help swimmers begin to develop positive attitudes and safe practices in and around water.
- Skills learned may be performed with instructor support/assistance.

### PRE-K 2:

- Builds on the skills learned in PRE-K 1, improves swimmers' coordination using simultaneous and alternating arm and leg actions.
- All skills taught in PRE-K 2 are performed independently.
- PRE-REQS: Successfully demonstrate all skills learned in PRE-K 1. (will be based on instructor approval)

## LEVELS 1-4: AGES 6-12

Based on a logical four level progression that helps swimmers of varying abilities develop their swimming & water safety skills. It's designed to give swimmers a positive learning experience.

### LEVEL 1: INTRO WATER SKILLS

- Your swimmer is introduced to basic skills as the foundation for future skills & the development of water competency (the basic minimum skills needed for water safety).
- Skills learned may be performed with Instructor assistance.

### LEVEL 2: FUNDAMENTAL AQUATIC SKILLS

- Builds on the skills learned in level 1.
- Swimmer begins to perform skills at a slightly more advanced level & begins gaining rudimentary propulsive skills on both the front & back.
- This level is the beginning of independent aquatic skills.
- PRE-REQS: Glide on front at least 2 body lengths & float on back for 5 seconds.

### LEVEL 3: STROKE DEVELOPMENT

- Introduces new swimming and water safety skills to build on previously learned skills.
- Will learn freestyle & backstroke & be able to swim 15 yards independently and correctly.
- PRE-REQS: Float on back for 15 seconds, roll to front & recover to vertical position. Push off wall & swim using both arms & legs 5 body lengths.

### LEVEL 4: STROKE IMPROVEMENT

- Introduces new swimming & water safety skills & builds on previously learned, improving the swimming stroke proficiency and swimming for longer distances.
- PRE-REQS: Swim freestyle and backstroke for 25 yards (full length of pool).
